PRINTABLE PACK

Family Advent Activity Cards

24 activities to share in the days before Christmas

1. How it works
2. 24 activity cards to cut out (4 sheets)
3. Blank cards to make up your own
4. Our advent tracker to tick off each day

You'll need: scissors, and an envelope, jar or stocking to keep the cards in.

Printing: print at 100% / "actual size". An ink-saving version is included in your download.

How it works: cut out the cards and put them in numbered envelopes, a jar or a stocking. Each day from 1 December, open one and do it together. Swap any day around if it suits you better: the point is time together, not perfection.
